April 2007

Dear Luxury Network Partner,

Bombardier Skyjet International is delighted to offer its support to the new Luxury Network initiative and proud to have been invited to become host sponsor.

As a player in the luxury market we understand the importance affinity marketing and networking play in the development of new business opportunities and recognise that it is not always easy for companies to find the time required to develop, nurture and capitalise on marketing alliances and partnerships. We believe that The Luxury Network will be a valuable resource in facilitating and orchestrating affinity marketing amongst a selection of non-competitive luxury brands.

Bombardier Skyjet International is the world's largest provider of business jet charter services. Through our charter and JET MEMBER programmes we offer corporate and individual customers alike exclusive travel options on board our legendary Learjet and renowned Challenger and Global aircraft.

By becoming a member of The Luxury Network your company will automatically receive full access to our jet membership programme that will entitle you to the many benefits contained within our exceptional membership services including special offers and exclusive privileges. Further details are available from The Luxury Network.

We hope that you too will see this initiative as an exciting and valuable opportunity and we look forward to meeting up with you at The Luxury Network forthcoming events in the near future.

Yours sincerely

Judith Moreton
Managing Director
Bombardier Skyjet International
